Allowable Subject Matter

- 1. Claims 1-11 are allowed.
- 2. The following is an examiner's statement of reasons for allowance: The prior arts fails to recite and disclose a plasma display apparatus comprising <u>a sustaining</u> period when a sustaining pulse is alternately applied to the scanning electrodes and the sustain electrodes for keeping discharge, wherein a voltage Vsh of a last pulse of the sustaining pulse has a following relation for a voltage Vst of the sustaining pulse before the last pulse and a discharge-starting voltage Vf2 between one of the scanning electrodes and one of the sustain electrodes.

 Vst ≤ Vsh <Vf 2.

The prior arts fails to recite and disclose a plasma display apparatus comprising a sustaining period when a sustaining pulse is alternately applied to the scanning electrodes and the sustain electrodes for keeping discharge, wherein a pulse width ts2 of a last pulse of the sustaining pulse is wider than a pulse width ts1 of the sustaining pulse before the last pulse.

The prior arts fails to recite and disclose a plasma display apparatus comprising

(a) a sustaining period when a sustaining pulse is alternately applied to the

scanning electrodes and the sustain electrodes for keeping discharge; and (b) an

erasing period when a ramp voltage pulse whose polarity differs from polarity of

the sustaining pulse is applied to one of the scanning electrodes or the sustain

electrodes, which differs from another of the scanning electrodes or the sustain

electrodes where a last pulse of the sustaining pulse is applied.

Any comments considered necessary by applicant must be submitted no later than the

payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons

for Allowance."
